Ajmer SkillLink — One-page Architecture

Identity 2026 · BCA2 · Pradeep Jatav & MoneyRaj Singh · Browser → JavaScript → API → Java → Database

- Smart features: search/filter, FairQuote, booking timeline, one-second notification polling, admin charts.
- Security: BCrypt password hashes, JWT access tokens, rotating refresh-token hashes, role checks, global error responses.
- Tests: H2 in-memory test profile with Flyway disabled; MySQL + Flyway used for normal local persistence.
